

CCI WELCOMES FOUR NEW CONSULTANTS TO THE EVER-GROWING TEAM!

London, UK – Jon Ward and Lewis Breslin have joined the London team as Senior Scheduling Consultants.

Jon has over 15 years' experience in the global oil and gas industry predominantly within project controls. Jon is a mechanical engineer who has extensive experience leading project control teams on major Greenfield and Brownfield EPC oil and gas projects.

This valuable experience has equipped Jon with a structured, robust understanding and command of scheduling principles and practices applied across all phases of a project lifecycle. He possesses a thorough working knowledge of techniques utilised within delay analysis.

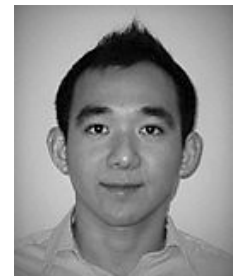

Lewis has over 12 years' experience in the delivery of complex multi-disciplinary portfolios both internationally and domestically. Through his extensive experience in the Oil and Gas and Mining/Materials Handling and Infrastructure sectors, Lewis has developed a unique knowledge-base to draw from.

He is highly skilled in planning, project controls, project management and the application of scheduling techniques. Lewis has demonstrated experience in the successful management of multifaceted projects and integrated project controls systems. He utilizes a collaborative approach when implementing best practice solutions and risk management.

Horsham, UK – Roy Low has joined the Horsham team as a Scheduling Consultant.

Roy is a delay analyst with over 10 years' experience as a Planning Engineer on construction projects. He specialises in project controls, planning, monitoring, progress reporting and the identification of delays, disruption and potential acceleration.

He has successfully delivered projects across a variety of construction sectors and is familiar with a wide range of planning and cost estimating software.

New York, NY USA - Devang Parekh has joined the New York team as a Senior Consultant.

Devang holds a Masters Degree in Engineering and has over 21 years' experience in construction, scheduling, claims delay analysis, and project engineering. He has proven expertise in Primavera P6 and MS Project.

Devang has successfully delivered projects ranging from \$10MM – \$500MM. As a seasoned Project Control Specialist, he has worked on projects in the fields of aviation, commercial facilities, highway/bridges and the public sector.
