

International Expert Services

**INTEGRATED SERVICES
EXPERTLY DELIVERED**

At CCI, a Rimkus Company, we understand the critical role experts play in formal dispute resolution proceedings.

When complex delay, quantum and technical issues arise, having experienced experts by your side to effectively navigate the matters in dispute can be invaluable towards achieving the right outcome.

Why choose our expert services?

Comprehensive specialisation

We offer a variety of expert disciplines covering delay, quantum and over 150 technical specialisms including architectural, structural, mechanical, electrical, geotechnical and many more. Regardless of the nature of your dispute, CCI can match you with the right expert to meet your precise needs.

Thorough research and preparation

Our experts leave no stone unturned when it comes to research and preparation. They meticulously analyse the facts, review pertinent documents, and conduct rigorous investigations to ensure the opinions formed and testimony given is backed by strong evidence.

Credibility and professionalism

Our experts uphold the high professional standards expected of an industry leading consultant. They possess extensive credentials, including advanced degrees, certifications, and a track record of successful appointments. We recognise the importance of integrity and guarantee that our experts adhere to the highest ethical standards.

Effective communication

Effective communication is key to assisting judges, arbitrators, and other decision makers to make the right decision. Our experts excel at conveying complex matters in a clear and concise manner. They possess exceptional verbal and written communication skills, helping to convey their opinions with clarity and conviction.

Tailored expert solutions

We understand that every dispute is unique, therefore, our expert services can be tailored to meet your specific needs. Whether you require a single expert or a team of specialists, we will work closely with you to understand the intricacies of your case and provide the best-suited expert solution to achieve your resolution objectives.

Impartial and objective analysis

Our experts approach each dispute with impartiality and objectivity, ensuring unbiased analysis and evaluation. They are skilled at presenting their findings in a clear, concise, and well substantiated manner that provides the clarity required to quickly resolve disputes and avoid costly protracted proceedings.

Timely and reliable support

We recognise the importance of complying with the agreed deadlines in formal proceedings. Our experts are committed to delivering their reports in an efficient and timely manner, allowing sufficient time to fully understand and comprehensively test their findings prior to submission.

ADR

Our experts are well versed on, and have experience in, a wide range of ADR methods. Whether you are planning mediation, arbitration, structured negotiation, or any other form of ADR, we have the knowledge and expertise to support you toward the best possible outcomes.

Our expert team offers services across a wide range of technical disciplines, including:
